Symphony Community Park

THE PROJECT:

As part of the Boston Parks and Recreation Departments continuing efforts to provide quality open space and recreation areas for use and enjoyment by all residents of the city, efforts are underway to make improvements to Symphony Community Park.

WE NEED YOUR HELP!

The Parks Department is very interested in what the community has to contribute to the design process. The current project is a result of a community-inspired vision for park renovation that includes lawns and plazas, accessible paving, trees, benches, tables and artwork.

WHAT TO EXPECT:

Jon Pate, Senior Landscape Architect with Warner Larson, will facilitate the meeting, supported by Marie Fukuda, the Friends of Symphony Park and Jacob Kulin, selected artist. The meeting will provide an overview of the definitive park design and the integration of artwork into the site. We will also discuss park construction and art installation timelines as well as fundraising updates.

Following this presentation, community members will be invited to offer input regarding the material presented.
